

Dear Motor Bus Carrier,

On behalf of Mayor Adrian Fenty and the District Department of Transportation (DDOT) it is our pleasure to assist you with your trip to the 56th Presidential Inauguration. We understand how excited you and your passengers are to attend this historic event and we are working to ensure your trip to the Nation's Capitol is a positive experience.

With crowds anticipated to break records, the demand for bus parking is also anticipated to be unprecedented. As such, DDOT, in tandem with other District agencies, has developed a motor coach parking plan that provides information on how to obtain a trip permit, register for a parking reservation, and directions and information on how to transport your clients to the planned inaugural festivities taking place on the mall on Tuesday, January 20, 2009.

The plan and the standard set of procedures you will need to follow can be found at <http://bus.dc.gov>. This new website, developed specifically for the inauguration, provides coach and bus companies with step-by-step instructions on how to reserve parking space(s) and obtain the permits required to travel within Washington DC.

If you are planning on coming into the District of Columbia for the 56th Presidential Inauguration, you must go through our permitting and parking reservation process. Do not attempt to travel into the DC area without completing the steps and obtaining the necessary paperwork. As additional information becomes available it will be posted to the web site. We encourage you to please check the site periodically for updates.

For any additional information or if you have any questions, please contact David Callaway at Callaway Transportation, (410) 795-8300.

Thank you again for joining us for the inaugural celebration.

Sincerely,

Frank Seales, Jr.
Interim Director
District Department of Transportation
